PUBLISHERS' NOTE

The information in this directory is gathered by an actual house to house canvass, and is compiled in a way to insure maximum accuracy.

The Publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors and omissions, hence no responsibility for same can be or is assumed.

The Publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next Directory.

HENDERSON DIRECTORIES, LIMITED
PUBLISHERS

Introductory

The present volume for the year 1930 is the fifty second edition of Henderson's City Directory of Winnipeg; since the first edition of Henderson's Directory was published in 1878.

The work embodies a complete epitome of the civic, commercial, social and industrial interests and activities of the municipality. It is a modern Directory in all its parts and includes all the essential features which have proven so satisfactory to our patrons in previous issues. These have been retained and amplified, and improvements have been added as suggested by experience in order to add to the value and usefulness of the Directory, thus fully meeting the requirements of patrons. The approbation and continued patronage accorded the work are constant incentives to better service.

The Publication has had the benefit and advantage of the complete organization and resources of the publishers, and of the skill and experience of their corps of enumerators and compilers added to the courteous co-operation of citizens, in the production of the volume.

THE DEPARTMENT OF MISCELLANEOUS INFORMATION is included in pages 101 to 148 and contains data concerning City, Provincial and Federal Government offices, commercial organizations, cemeteries, churches (denominational and miscellaneous), colleges and schools, hospitals, homes and asylums, building exchange and associations, institutes and societies, libraries, military organizations, public schools, secret societies, etc.

THE STREET AND AVENUE GUIDE is embraced in pages 281 to 597. In this feature the names of all streets and avenues are arranged alphabetically, giving the location, number on the street and showing the occupant.

The intersecting streets are shown in the order that they come.

THE BUYERS GUIDE occupies pages 1 to 132. This section of the Directory printed on colored paper, includes numerous advertisements of the leading manufacturing, business and professional interests. A casual perusal of these advertisements will picture many interesting phases of the city's activities. They are not display advertisements, primarily, however, but rather are reference advertising at its best. The need for this kind of information readily at hand is very great, and the general appreciation of this need is evidenced by the liberal patronage the City Directory enjoys in many and varied lines of trade.

THE ALPHABETICAL LIST OF NAMES of citizens, business firms and corporations cover pages 601 to 1760.

THE CLASSIFIED BUSINESS DIRECTORY commences at page 1708, and exhibits the various manufacturing, mercantile and professional names, compiled under headings appropriate to the class of industry or profession followed.

ADVERTISING WINNIPEG

An important function of the Directory is to set forth the characteristics and advantages of the city as a place of residence, as a business location, as an industrial site, and as an educational centre. The Directory acts as a mirror, reflecting all that is noteworthy in the city in the above respects. In order to spread this information regarding the city broadcast over the country, where they are readily available for reference use by the public. There they serve as perpetual advertisements of Winnipeg, for business men the country over realize that the City Directory represents the community as it really is.

The library of City directories which is maintained by the publishers at their offices, for the use of its patrons, embracing directories of all the principal cities of the United States and Canada, has proven a most valuable asset to the City of Winnipeg, for through reference to the books in this library, information for almost any business or person in the United States or Canada may be obtained.

Through the exchange of directories with the various directory libraries throughout the country and serves as a lasting advertisement for our city.
to many institutions, hotels and stores in large cities, the directory is circulated throughout the country and serves as a lasting advertisment for our city.

The publishers take this opportunity of thanking the citizens for valuable assistance rendered in the way of furnishing information concerning themselves, their friends and their business interests for this Directory, and also the public-spirited and progressive business and professional men for support given in the way of patronage.

POPULATION 342,929

The directory estimate of population is based on the actual number of names contained in the book, which is multiplied by a common multiple to allow for women and children whose names do not appear.

Based upon the names contained in the pages of this book, it is estimated that the population of Winnipeg is 342,929. This includes considerable territory beyond but tributary to the city limits, which is canvassed in order that the names of all people employed or who purchase in Winnipeg may be obtained for the Directory.

Respectfully, The Publishers,

HENDERSON DIRECTORIES LIMITED.

January, 1930.

City of Winnipeg

The City of Winnipeg is the capital of the Province of Manitoba, Canada.

The name WINNIPEG has its origin in the Indian Cree name given to the lake 40 miles north, meaning "Win," muddy; "nipee," water.

Winnipeg is situated in Latitude 49° 54' N., Longitude 97° 08' W., at the confluence of the Red and Assiniboine Rivers; 40 miles south of Lake Winnipeg and 60 miles north of the boundary lines between Canada and the United States of America, almost midway between the Atlantic and Pacific Oceans and at an altitude of 760 feet above the seaboard level of New York.

From a Hudson's Bay trading post (Fort Garry) in 1870, with a population of 215, Winnipeg has grown to the size and finish of a first-class city of 342,929 people. When the city was incorporated in 1873 there were 1,869 inhabitants. In 1878 steam railway connection from St. Paul Minn., had reached a point just across the river from Winnipeg; and in 1886 railway communication was established over the Canadian Pacific Railway from the East. With the advent of railway connections a steady stream of travel and trade with influx of population was started and has resulted in the building up of a city of a size and importance that is exceeded by only two cities in the Dominion of Canada.

Winnipeg is now the greatest grain centre on the American continent, and the financial commercial, wholesale and manufacturing centre of the middle west; owing to its geographical position, its very complete railway facilities, with branches reaching out in every direction, it affords great possibilities for trade in the provinces and the Northwest and an inducement for the establishment of manufacturing and other industries. In addition to the many other advantages Winnipeg supplies, through its Municipal Hydro-Electric system, the cheapest electric power of any city in America. The new soft water supply is adequate for the needs of a city of one million inhabitants.

The source of Winnipeg's new water supply is Shoal Lake, in the northwest angle of the Lake of the Woods, having a drainage of about 360 square miles and water surface of 107 square miles. Shoal Lake is connected with the main lake at Ash Rapids.

The Lake of the Woods has a drainage area of about 27,700 square miles and a water surface of about 1,500 square miles, the drainage basin of Shoal Lake—360 square miles.

The Lake of the Woods constitutes an enormous reservoir of pure and soft water, situated 300 feet above the City of Winnipeg within one hundred miles of the city.

The new aqueduct is capable of delivering to Winnipeg 85 million gallons of soft water per twenty-four hours.

The Winnipeg Stock Yards are the largest in Canada, and represent an investment of over $1,000,000. There are five and one-half miles of alley-ways, six and one-half miles of railway track, six miles of sewers, and five miles of watermains at the stock yards.

Winnipeg has 71 public schools, with an attendance of 40,500; 6 colleges: the Provincial agricultural college, built at a cost of $4,000,000; the University of Manitoba; art gallery; bureau of arts and arts museum; permanent exposition of products manufactured in the city, 3 libraries with 35 branches.

The City of Winnipeg dominates the markets of the entire Western Provinces of Canada. Her geographical situation makes her the pivot point from which the trade of this vast inland empire swings. Winnipeg holds the keys to the world's greatest growing market. She is the veritable pulse of trade west of the Great Lakes. Nothing can change this fortunate situation. No force can relieve this "keystone of western trade" of the unique advantages she possesses in the Western world. Experience has long since proven that goods passing from East to West must of necessity go through Winnipeg, and so too the products of the prairies must find their outlet here as well. Thus Winnipeg has become the greatest transportation centre in the Dominion of Canada.

Facts About Winnipeg

Today Winnipeg has the finest transportation facilities in Canada.

Winnipeg has more industrial trackage than any other city in Canada.

There are over 16,000 miles of railway in Winnipeg's business field.

All railways from East to West must pass through Winnipeg.

Winnipeg's Bank clearings are third in Canada and equal the total clearings of the ten next leading cities.

Winnipeg's principal business streets are the widest on the continent.

The water area of Winnipeg is 422 acres and the land area 14,865 acres, a total of 15,961 acres or 24.9 square miles.

Winnipeg contains half the population of Manitoba.

Winnipeg has 530 miles of streets and 260 miles of lanes.

Winnipeg has 230 miles of paved streets.

Winnipeg has 328.82 miles of graded streets.

Winnipeg has 565 miles of granolithic plank walks.

Winnipeg has 283.57 miles of sewers, 135 miles of boulevards and 307.58 miles of domestic watermains.

Winnipeg has 2,651 domestic hydrants and 161 high pressure hydrants.

The Winnipeg street railway has 120.04 miles of railway lines.

Winnipeg is one of the best lighted cities on the American continent.

The city has 642 ordinary arc lights and 839 ornamental arc lamps, and 2,483 one thousand candle-power lamps.

There are 393 alarm boxes on the streets of Winnipeg and 31 in buildings.

There are 162 police signal alarm boxes on the streets of Winnipeg.

Winnipeg's playground equipment is not excelled in Canada.

Winnipeg has 830.69 acres of parks.

Assiniboine Park is one of the finest in Canada.

Winnipeg has 34 parks and squares.

The number of persons to each park-acre in the city is 237.

Winnipeg's parks are valued at $3,685,924.

Winnipeg's libraries loan three-quarters of a million volumes yearly.

Winnipeg Bank clearings for 1929 broke all records totalling $3,393,339,617.

Construction is under way of two New Hydro Electric Plants, which will be completed in 1930, and will increase the present power supply by 300,000 h.p., these undertakings will cost $30,000,000.

There are three main libraries with 35 branches.

Winnipeg has half a million continuous 24-hour horsepower within 100 miles.

The present hydro-electric power rate in Winnipeg is the lowest on the American continent.

The residence lighting rate of 2½ cents is the lowest in Canada.

Winnipeg tax rate is the lowest in Canada.

Winnipeg has one of the finest water systems in the world.

Winnipeg's water is absolutely soft and pure.

The Shoal Lake Aqueduct cost over $17,000,000, and has a capacity of 85,000,000 gallons per day.

Winnipeg owns and operates its own hydro central steam heating system, electric power plant, waterworks, street lighting system, stone quarry, fire alarm system, police signal system, fire service water works, asphalt plant and gravel pit.

The Winnipeg Hydro-Electric System, having built a steam standby plant within the city limits as a protection against interruption of service on the Hydro transmission lines, was faced with the problem of taking care of very heavy additional fixed charges, approximating some $75,000 per year. It was felt that some means should be adopted, if possible, to relieve the Hydro of this burden. An investigation was made of the possibilities of central steam heating, with a view to using the new boiler equipment of the standby plant for revenue-producing purposes. The results of the investigation looked so promising that the service of Messrs. Neiler, Rich & Co., consulting engineers, of Chicago, were obtained for the purpose of advising as to whether a central steam heating plant for the City of Winnipeg would be a practicable, sound business proposition. The report of the experts was so favorable that a by-law was placed before the electors at the municipal elections in 1923, and the undertaking was then approved by a large majority. This by-law, which was for the expenditure of $875,000, stipulated that $325,000 which was already being spent by the Hydro for boiler equipment should be charged to central steam heating account, thus leaving a net sum of $550,000 to be raised.

Winnipeg was the first city in America to acquire a municipal asphalt plant.

Winnipeg has 51,000 local telephones.

The Winnipeg General Hospital is one of the best equipped on the American continent.

Taxable property in Winnipeg is worth $232,260,930, which is equal to the combined taxable property of the cities of Quebec, Ottawa, Hamilton, and London, or equivalent to the total taxable property in all the cities of Canada between 15,000 and 50,000 population, excepting only Regina and Saskatoon.

There are more industrial workers in Winnipeg than in the whole of Saskatchewan, Alberta, and Prince Edward Island, combined, or more than in the cities of St. John, Halifax, Calgary, and Edmonton combined.

Winnipeg's industrial payroll is five times that of the whole of Saskatchewan and twice that of Alberta.

The value of Winnipeg's industrial output is eight times larger than the entire industrial production of Saskatchewan and three times that of Alberta.

59.01 per cent. of Winnipeg's population are between 15 and 44 years of age.

HISTORICAL EXHIBIT AT WINNIPEG

The Historical Exhibit in the Hudson's Bay Company's Retail Store on Portage Avenue, at Memorial Boulevard, is open free daily during business hours. A custodian is in charge and catalogues are supplied.

The Exhibit is well worth a visit and is of great interest, recalling as it does the romantic history of a Company which is 259 years old, and touching on the present and the earlier life of the fur traders, the thrilling story of Canada's pioneer settlers in the West, her discoverers, life in the early days in Winnipeg, also the customs, dress industries, and rituals of the North American Indian tribes with whom the Company have always been in close relationship and who are still the Company's staunch friends.

This Historical Exhibit tells its story by means of relics, pictures, documents, models, et cetera, many of them collected by the Company's officers, clerks and servants.

The Exhibit offers a secure place for display of historical relics and helps to fill an educational need of Western Canada.

Particular attention has been given to the historical matter connected with the development of the West, and visitors cannot fail to spend a profitable hour examining the collection, which is divided into seven sections as follows:

1. Early History.
2. Furs.
3. Indians.
4. Life in the Service.
5. Forts, Posts and Stores.
6. Fights and Wars.
7. Land and Settlement.

All the items are catalogued, with a short description of each, and numbered for ready reference.

The first item is a smart model of the ketch "Nonsuch" which sailed from England on a voyage of enterprise and discovery in 1668 and it was directly through this pioneer voyage that the first of the trading posts, Fort Charles (later known as Rupert's House) was established on James Bay, south of Hudson Bay, and the charter was granted by King Charles the Second to the Hudson's Bay Company in 1670, whereby they were privileged to engage in trade and exploration in all country drained by streams entering into Hudson Bay and Hudson Strait, thus opening the way for settlement and development of Western Canada by the British.

Continuing, one's attention is attracted by the display of the skins of Canada's beautiful fur bearing animals, the first articles of commerce between Canada and the Motherland—Beaver, Lynx, Marten, Fisher, Red Fox, White Fox, Musquash, Ermine, Mink, Grey Wolf, Otter, Skunk, Wolverine, and Raccoon.

In the section devoted to "Indian Life" many articles are exhibited portraying the industries, customs, habits, and pastimes of the various Indian tribes, who were necessarily creatures of circumstances and made use in their early lives of the natural resources surrounding them, so that the Indian tribes of the various parts of the country differed from one another in many ways while retaining certain characteristics throughout.

The handicrafts shown are examples of their astonishing native cleverness in adapting the material at hand to their general use.

In the Exhibit of the work of the Eskimos attention might be directed to the numerous examples of their cleverness in carving and manufacturing of articles from ivory to meet their needs and fancies. Among the many interesting objects are: an Eskimo kayak (or canoe made from sealskin, with the hair removed, stretched when green: some particularly fine examples of beaded work by the Plains Indians, fancy work ornamented with porcupine quills, in many colors from native dyes manufactured from roots, barks, berries, et cetera, by the Mackenzie River Indians, and a typical Pacific Coast Indian drum made of cedar wood in the form of a large box. This drum was beaten with the fist and is believed to have been the last drum of its kind at Bella Coola.

In a sub-section under the head of—"Transportation" can be seen the ship's telegraph and whistle control of the S.S. Pelican, late of the Hudson's Bay Company's fleet and sister ship to the famous H.M.S. "Condor" commanded by the late Admiral Lord Charles Beresford at the seige of Alexandria.

The section "Life in the Service" is chiefly devoted to phonographs, specimens of early contracts, service medals, bartering tokens, old paper currency, guns, knives, swords and cutlasses, straps, harpoons, spears, exploration awards, clothing, et cetera, of the pioneer trading days.

Passing to Forts, Posts and Stores (of which the Company has over 200, with seventeen posts well within the Arctic Circle), many old and rare photographs and pictures are exhibited, also relics from the earliest forts and trading posts.

Under "Fights and Wars" will be found many old weapons of warfare, including time honored Indian scalping knives and tomahawks so dear to the heart of the average boy; while the section dealing with "Land and Settlement" exhibits old maps and documents, as well as many of the valuable mineral deposits of the country.

In the Exhibit is a set of large beam scales, dated 1750, used at Moose Factory.

This Exhibit was opened in June, 1922, and is as yet in its infancy, but it is being continually added to.

Some Pioneer Citizens

1876-1930

The following names appeared in the 1876 Directory:

William F. Alloway

Charles A. Baskerville

Charles N. Bell

Rev. George Bryce, D.D.

William Code

Charles W. Graham

Hon. Colin Inkster

Richard I. Jones

Sir Daniel H. McMillan, K.C.M.G.

Robert C. McPhillips

Thomas H. Maxwell

Morris P. Peterson

Thomas Ryan

Wm. G. Scott

Geoffrey H. Walker

LIST OF MAYORS OF WINNIPEG

1874—Francis E. Cornish, Q.C.
1875-6—William N. Kennedy
1877-8—Thomas Scott
1879-80—Alexander Logan
1881—Elias G. Conklin
1882—Alexander Logan
1883—Alexander McMicken
1884—Alexander Logan
1885—Charles Edward Hamilton
1886—Henry S. Wesbrook
1887-8—Lyman M. Jones
1889—Thomas Ryan
1890-1—Alfred Pearson
1892—Alexander Macdonald
1893-4—Thomas W. Taylor
1895—Thomas Gilroy
1896—Richard W. Jameson
1897—William F. McCreary
1898-9—Alfred J. Andrews
1900—Horace Wilson
1901-3—John Arbuthnot
1904-6—Thomas Sharpe
1907-8—James H. Ashdown
1909-11—W. Sanford Evans
1912—Richard D. Waugh
1913-14—Thomas Russ Deacon
1915-16—Richard D. Waugh
1917-18—Frederick H. Davidson
1919-20—Charles F. Gray
1921-22—Edward Parnell
1922—Frank O. Fowler
1923-24—Seymour J. Farmer
1925-27—Ralph H. Webb
1928-29—Dan McLean
1930—Ralph H. Webb

MEMBERS OF THE COUNCIL OF THE CITY OF WINNIPEG FOR THE YEAR 1930

Mayor

Lt.-Col. Ralph H. Webb

Aldermen

A. R. Leonard, W. B. Lowe, E. D. Honeyman, E. T. Leech, T. Boyd, Herbert Andrews, L. F. Borrowman, C. E. Simonite, Ralph Maybank, A. J. Roberts, T. Flye, James Simpkin, J. A. McKerchar, J. Blumberg, W. N. Kolisnyk, R. Durward, J. F. Palmer, J. A. Barry, W. B. Simpson.

This Publication is the Product of a Member of

Thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

Association of North American Directory Publishers

524 Broadway **New York City**

Henderson's

Henderson's Winnipeg Street and Avenue Directory 1930

This section of the Directory is presented in condensed form. Full information will be found in the Alphabetical Directory.

AVENUES all run East and West and are numbered under 200 East of Main Street, Main to Princess 200 to 300, West of Princess 300 and upwards.

STREETS running North and South are numbered from the Assiniboine River as a base Northwards, and again from Notre Dame as a base Northwards.

The word "street" is always implied.

ABBOTSFORD AVE. (St. Vital), from St. Anne's Rd. west to River Rd.

No houses

ABERDEEN AVE., from Red River west to city limits, intersecting at 1089 Main.
